

22-23 OCTOBER 2025

Please carefully review the following guidelines regarding the subject and format of your presentation for the Battery Technology Summit 2024 and indicate your acceptance:

Presentation Duration: Your presentation is limited to a strict maximum of 20 minutes.

Question and Answer Session: Following your presentation, there will be a question and answer session lasting no longer than 5 minutes.

Presentation Content: Your presentation slides should focus on describing a technology and solution relevant to the battery industry. It is important that your presentation avoids resembling a classic company introduction.

Company Information: At the conclusion of your presentation, a maximum of 3 slides and/or 3 minutes can be allocated to discuss information about your company.

Compliance: You must agree to adhere to the instructions provided by the moderator/presenter during the duration of your presentation.

Sharing of Presentation: Whether the PDF copy of your presentation can be shared with participants after the Battery Technology Summit must be specified in advance during the permission process.

By submitting your application, you acknowledge your acceptance of the above rules and agree to abide by the recommendations set forth by the Organising Committee.

We appreciate your cooperation and look forward to your valuable contribution to the Battery Technology Summit 2025.

Sincerely,

Battery Technologies Summit 2025
Organizing Committee
